INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Central Decatur Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Central Decatur Community School District, Leon, Iowa as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Central Decatur Community School District at June 30, 2007, and the respective changes in financial position and cash flows, where applicable, for the year ended in conformity with U.S. generally accepted accounting principles.

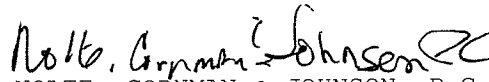

In accordance with Government Auditing Standards, we have also issued our report dated January 21, 2008 on our consideration of Central Decatur Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 12 and 35 through 36 are not required parts of the basic financial statements, but are supplementary

Members American Institute & Iowa Society of Certified Public Accountants

information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Central Decatur Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2006 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 5, including the accompanying Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOLTE, CORNMAN & JOHNSON, P.C.

January 21, 2008

MANAGEMENT'S DISCUSSION AND ANALYSIS

Central Decatur Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2007. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2007 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$6,122,159 in fiscal 2006 to \$6,224,927 in fiscal 2007, while General Fund expenditures increased from \$6,294,375 in fiscal 2006 to \$6,416,498 in fiscal 2007. This resulted in a decrease in the District's General Fund balance from \$739,211 in fiscal 2006 to a balance of \$549,307 in fiscal 2007, a 25.69% decrease from the prior year.
- The increase in General Fund revenues is attributable to an increase in state sources in fiscal 2007. The increase in expenditures is attributable to increases in negotiated salaries and benefits received by employees. The increase in revenues was not enough to surpass the increase in expenses during the year, thus ensuring the decline in General Fund balance.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Central Decatur Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Central Decatur Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Central Decatur Community School District acts solely as an agent or custodial for the benefit of those outside of the District.

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

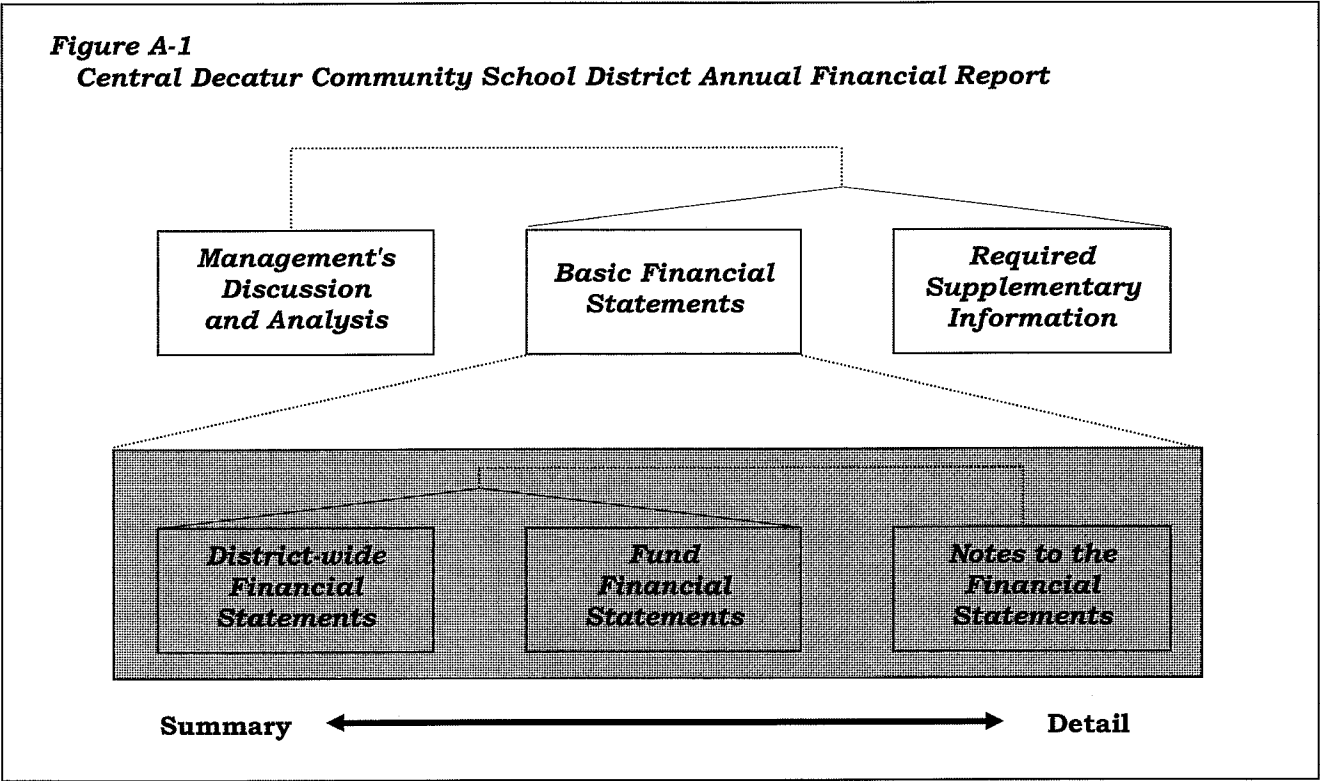

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2 Major Features of the Government-Wide and Fund Financial Statements

Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business-type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds or to show that it is properly using certain revenues such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Fund.

The required financial statements for the governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

- 2) *Proprietary funds*: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's enterprise funds, one type of proprietary fund, are the same as its business-type activities, but provide more detail and additional information, such as cash flows. The District currently has one enterprise fund, the School Nutrition Fund.

The required financial statements for the proprietary funds include a statement of revenues, expenses and changes in net assets and a statement of cash flows.

- 3) *Fiduciary funds*: The District is the trustee, or fiduciary, for assets that belong to others. These funds include the Private Purpose Trust fund.

Private-Purpose Trust Fund - The District accounts for outside donations for scholarships for individual students in this fund.

The District is responsible for ensuring that the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the District-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for the fiduciary funds include a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2007 compared to June 30, 2006.

Figure A-3
Condensed Statement of Net Assets

	Governmental Activities		Business-type Activities		Total School District		Total Change
	2007	2006	2007	2006	2007	2006	2006-07
Current and other assets	\$ 4,874,376	3,739,684	35,717	29,167	4,910,093	3,768,851	30.28%
Capital assets	7,055,035	7,118,154	27,640	30,998	7,082,675	7,149,152	-0.93%
Total assets	11,929,411	10,857,838	63,357	60,165	11,992,768	10,918,003	9.84%
Long-term obligations	2,921,120	3,106,840	0	0	2,921,120	3,106,840	-5.98%
Other liabilities	3,418,714	2,426,344	2,151	1,985	3,420,865	2,428,329	40.87%
Total liabilities	6,339,834	5,533,184	2,151	1,985	6,341,985	5,535,169	14.58%
Net assets:							
Invested in capital assets, net of related debt	4,205,035	4,386,253	27,640	30,998	4,232,675	4,417,251	-4.18%
Restricted	869,080	279,557	0	0	869,080	279,557	210.88%
Unrestricted	515,462	658,844	33,566	27,182	549,028	686,026	-19.97%
Total net assets	\$ 5,589,577	5,324,654	61,206	58,180	5,650,783	5,382,834	4.98%

The District's combined net assets increased by 4.98%, or \$267,949, over the prior year. The largest portion of the District's net assets is the invested in capital assets, net of related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represents resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased \$589,523, or 210.88% over the prior year.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – decreased \$136,998, or 19.97%.

Figure A-4 shows the changes in net assets for the year ended June 30, 2007 compared to the year ended June 30, 2006.

Figure A-4

Property tax and unrestricted state grants account for 65.80% of the total revenue. The District's expenses primarily relate to instruction and support services which account for 86.22% of the total expenses.

Changes in revenues will be as a result of changes in student participation, whether in the regular, special or extracurricular programs. The most significant change in revenues was due to the increase in state grant and local option sales and service tax monies. Fluctuations in basic enrollment will significantly impact the state revenues, as well as property tax revenues, keeping in mind that neither source of funding will be ever fully realized with current law and funding structure as set by the legislature, and the mid-year reduction of funding on the part of the state.

The most significant fluctuation in expenditure levels will be caused by increased salary and benefit obligations, in large part resulting from collective bargaining agreements. With a declining enrollment comes lesser ability to fund various programs required by the state and constant evaluation of staffing needs becomes a priority. Even with certain staff reductions there may still be an increase in expenditures due to the salary and benefit requirements.

The District makes a continual effort to be a good steward of public funds and maintains a philosophy of providing the best education possible, exploring every avenue available to fund the programs, while making certain to keep watch for services that could be merged with other programs. Overall, the District saw a decrease in revenues in fiscal 2007, but the District's decrease in expenditures during the year resulted in an increase in the financial position for the year.

Governmental Activities

Revenues for governmental activities were \$7,354,648 and expenses were \$7,089,725. In a difficult budget year, the District was able to balance the budget by trimming expenses to match available revenues.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities

	Total Cost of Services			Net Cost of Services		
	2007	2006	Change 2006-07	2007	2006	Change 2006-07
Instruction	\$ 4,354,735	4,655,196	-6.45%	3,061,261	3,328,882	-8.04%
Support services	2,093,436	2,026,927	3.28%	2,092,458	2,022,512	3.46%
Non-instructional programs	0	24,190	-100.00%	0	24,190	-100.00%
Other expenses	641,554	709,149	-9.53%	401,648	476,248	-15.66%
Totals	<u>\$ 7,089,725</u>	<u>7,415,462</u>	<u>-4.39%</u>	<u>5,555,367</u>	<u>5,851,832</u>	<u>-5.07%</u>

- The cost financed by users of the District's programs was \$385,292.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$1,149,066.
- The net cost of governmental activities was financed with \$1,825,892 in property tax, \$413,343 in local option sales and services tax, \$3,271,272 in state foundation aid, \$118,152 in interest income and \$208,760 in other general revenues.

Business-Type Activities

Revenues of the District's business-type activities were \$392,219 and expenses were \$389,193. The District's business-type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Central Decatur Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported combined fund balance of \$1,467,047, above last year's ending fund balances of a \$1,325,221.

Governmental Fund Highlights

- The Capital Projects Fund balance increased from \$262,676 in fiscal 2006 to \$567,413 in fiscal 2007. This was due to a combination of increased revenues and decreased expenditures as compared to the previous year.

Proprietary Fund Highlights

The Proprietary Fund net assets increased from \$58,180 at June 30, 2006 to \$61,206 at June 30, 2007, representing an increase of 5.2%.

BUDGETARY HIGHLIGHTS

The District's revenues were \$331,397 less than budgeted revenues, a variance of 4.09%. The most significant variance resulted from the District receiving less in federal sources than originally anticipated.

Initially, total expenditures were less than budgeted, primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

In spite of the District's budgetary practice, the certified budget was exceeded in the instruction functional area.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2007, the District had invested \$7.08 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This amount represents a net decrease of less than 1% from last year. More detailed information about capital assets is available in Note 6 to the financial statements. Depreciation expense for the year was \$414,117.

The original cost of the District's capital assets was \$11,397,180. Governmental funds account for \$11,170,677 with the remainder of \$226,503 in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred in the machinery and equipment category. The District's machinery and equipment totaled \$795,086 at June 30, 2007, compared to \$670,789 reported at June 30, 2006. This represents a 15.63% increase.

Figure A-6
Capital Assets, Net of Depreciation

	Governmental Activities		Business-type Activities		Total School District		Total Change
	2007	2006	2007	2006	2007	2006	2006-07

Long-Term Debt

At June 30, 2007, the District had \$2,921,120 in general obligation and other long-term debt outstanding. This represents a decrease of 6.0% from last year. (See Figure A-7) More detailed information about the District's long-term liabilities is available in Note 5 to the financial statements.

The District had outstanding general obligation bonds of \$2,850,000 at June 30, 2007.

The District had total outstanding Early Retirement payable of \$71,120 at June 30, 2007.

Figure A-7
Outstanding Long-Term Obligations

	Total School District		Total
	2007	2006	Change
General obligation bonds	\$ 2,850,000	2,990,000	-4.7%

Totals	<u>\$ 2,921,120</u>	<u>3,106,840</u>	<u>-6.0%</u>

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- The error in enrollment count from the 2005 fiscal year started reducing state aid beginning with fiscal year 2007 and will continue until the end of fiscal year 2009.
- Low allowable growth over several years and enrollment decreases is negatively impacting the District's spending authority. Contractual increases and program changes cannot be made without thorough consideration of our unspent authorized budget.
- Continued budget concerns at the state level will affect future projections. The District has been forced to shift funding to property taxes.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Pam DeLong, Business Manager, Central Decatur Community School District, 1201 NE Poplar Street, Leon, Iowa, 50144.

SEE NOTES TO FINANCIAL STATEMENTS.

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 JUNE 30, 2007

Net change in fund balances - total governmental funds (page 17) \$ 141,826

**Amounts reported for governmental activities in the
 statement of activities are different because:**

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows:

Capital outlays	\$ 473,124	
Depreciation expense	<u>(410,759)</u>	62,365

Repayment of long-term debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Assets

140,000

The proceeds from the sale of equipment (\$1,667) are reported as revenue in the governmental funds. However, the cost of the equipment as well as the corresponding depreciation (\$123,817) is removed from the capital assets account in the Statement of Net Assets and offset against the sale proceeds resulting in a "loss on disposal of equipment" which is reported within the government-type expenses. Thus, more revenue is reported in the governmental funds than the Statement of Activities.

(125,484)

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.

496

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.

Early retirement	<u>45,720</u>

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2007

(1) **Summary of Significant Accounting Policies**

The Central Decatur Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the City of Leon, Iowa, and the predominate agricultural territory in Decatur County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Central Decatur Community School District has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The Central Decatur Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Decatur County Assessors' Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net assets use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net asset consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The District's proprietary fund is the School Nutrition Fund. The Nutrition fund is used to account for the food service operations of the District.

The District also reports fiduciary funds which focus on net assets and changes in net assets. The District's fiduciary funds include the following:

The Private Purpose Trust Fund is used to account for assets held by the District under trust agreements which require income earned to be used to benefit individuals through scholarship awards.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Balances

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2005 assessed property valuations; is for the tax accrual period July 1, 2006 through June 30, 2007 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2006.

Interfund Receivables and Payables - During the course of its operations, the District has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2007 balances of interfund accounts receivable or payable have been recorded.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ 500
Buildings	500
Land improvements	500
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	500

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50 years
Land improvements	20 years
Machinery and equipment	5-20 years

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the statement of net assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Unearned Revenue - Unearned revenues in the School Nutrition Fund are monies collected for lunches that have not yet been served. The lunch account balances will either be reimbursed or served lunches. The revenue will be considered earned when services are provided. The lunch account balances are reflected on the Statement of Net Assets in the Proprietary Funds.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Balances - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2007, expenditures in the instruction functional area exceeded the amount budgeted.

(2) Cash and Pooled Investments

The District's deposits at June 30, 2007 were entirely covered by Federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The District's investments are categorized to give an indication of the level of risk assumed by the District at year end. Certificates of deposit are classified as Category 1, which means the investments are insured and held by the District in the District's name. Certificates of deposit are stated at fair value.

At June 30, 2007, the District had investments in Certificates of Deposit maturing over one year as follows:

	<u>Amortized Cost</u>
Certificates of deposit	<u>\$ 7,175</u>

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

(3) Interfund Transfers

The detail of transfers for the year ended June 30, 2007 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Debt Service	Capital Projects	\$ 14,000
PPEL	Activity	500
Support Trust	Private Purpose Trust	<u>17,129</u>
Total		<u>\$ 31,629</u>

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(4) Due From and Due to Other Funds

At June 30, 2007 the interfund receivables and payables consisted of the following:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Support Trust	General	\$ 82,195
General	Management	<u>32,821</u>
Total		<u>\$ 115,016</u>

(5) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa School Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings and amounts available for withdrawal for each outstanding series of warrants. Banker's Trust Co. NA is the trustee for the program. A summary of the District's participation in ISCAP at June 30, 2007 is as follows:

Series	Warrant Date	Final Warrant Maturity	Investments	Accrued Interest Receivable	Warrants Payable	Accrued Interest Payable
2006-07A	6/28/06	6/28/07	\$ 0	28,161	0	23,056
2006-07B	1/26/07	1/25/08	787,986	17,785	790,000	15,115
2007-08A	6/27/07	6/27/08	519,178	155	520,000	132
Total			\$ 1,307,164	46,101	1,310,000	38,303

The district pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn, then the District must repay the outstanding withdrawal from its General Fund receipts. In addition, the District must make minimum warrant repayments on the 25th of each month immediately following the final date that the warrant proceeds may be used in an amount equal to 25% of the warrant amount.

The warrants bear interest and the available proceeds of the warrant are invested at the interest rates shown below:

Series	Interest Rate on Warrants	Interest Rates on Investments
2006-07A	4.500%	5.676%
2006-07B	4.250%	5.315%
2007-08A	4.500%	5.455%

(6) Capital Assets

Capital assets activity for the year ended June 30, 2007 is as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 29,300	0	0	29,300
Total capital assets not being depreciated	29,300	0	0	29,300

2017	5.00	225,000	62,775	287,775
2018	5.00	235,000	51,525	286,525
2019	5.00	250,000	39,775	289,775
2020	5.00	265,000	27,275	292,275
2021	5.10	275,000	14,025	289,025
Total		\$ 2,850,000	1,164,168	4,014,168

Early Retirement

The District offers a voluntary early retirement plan to its certified and support staff employees. Eligible employees must be at least age fifty-five and employees must have completed twelve years of service to the District. Employees complete an application which is required to be approved by the Board of Education. The early retirement incentive for each eligible employee is \$5,080 per year with a maximum of five years or until the employee reaches age sixty-five. Early retirement benefits paid during the year ended June 30, 2007, totaled \$71,120. A liability has been recorded in the Statement of Net Assets representing the District's commitment to fund non-current early retirement.

State Aid Workout Plan

Due to discrepancies in the certified enrollment count as of the year ended June 30, 2005, the District has a workout plan to reimburse the state for overpayments received by the District. District's state aid will be reduced by \$32,774 per year during fiscal years 2007 through 2009. As of the year ended June 30, 2007, the District has \$65,549 remaining to be taken from state aid payments.

(8) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the District is required to contribute 5.75% of annual covered payroll for the years ended June 30, 2007, 2006 and 2005. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2007, 2006, and 2005 were \$215,610, \$209,482, and \$204,221 respectively, equal to the required contributions for each year.

(9) Risk Management

Central Decatur Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(10) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$239,906 for the year ended June 30, 2007 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(11) Budget Overexpenditure

Per the Code of Iowa, expenditures may not legally exceed budgeted appropriations at the functional area level. During the year ended June 30, 2007, disbursements in the instruction functional program area exceeded the amount budgeted.

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2007

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparison for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functional areas, not by fund or fund type. These four functional areas are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2007, expenditures in the instruction function exceeded the amount budgeted.

Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards

To the Board of Education of the
Central Decatur Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Central Decatur Community School District as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated January 21, 2008. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Central Decatur Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of Central Decatur Community School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Central Decatur Community School District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Central Decatur Community School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of Central Decatur Community School District's financial statements that is more than inconsequential will not be prevented or detected by Central Decatur Community School District's internal control. We consider the deficiencies in internal control described in Part II of the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by Central Decatur Community School District's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe item II-A-07 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Central Decatur Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2007 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Central Decatur Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the District's responses, we did not audit Central Decatur Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Central Decatur Community School District and other parties to whom Central Decatur Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Central Decatur Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements Applicable
to Each Major Program and Internal Control over Compliance
in Accordance with OMB Circular A-133

To the Board of Education of
Central Decatur Community School District

Compliance

We have audited the compliance of Central Decatur Community School District with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2007. Central Decatur Community School District's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to each of its major federal programs is the responsibility of Central Decatur Community School District's management. Our responsibility is to express an opinion on Central Decatur Community School District's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Central Decatur Community School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Central Decatur Community School District's compliance with those requirements.

In our opinion, Central Decatur Community School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007.

Internal Control Over Compliance

The management of Central Decatur Community School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Central Decatur Community School District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Central Decatur Community School District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the District's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified a deficiency in internal control over compliance that we consider to be a material weakness.

A control deficiency in the District's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a federal program such that there is more than a remote likelihood noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the District's internal control. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item III-A-07 to be a significant deficiency.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the District's internal control. We consider the significant deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item III-A-07 to be a material weakness.

Central Decatur Community School District's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we expressed our conclusions on the District's responses, we did not audit Central Decatur Community School District's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Central Decatur Community School District and other parties to whom Central Decatur Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

NOLTE, CORNMAN & JOHNSON, P.C.

January 21, 2008

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2007

Part I: Summary of the Independent Auditor's Report

- (a) An unqualified opinion was issued on the financial statements.
- (b) Significant deficiencies in internal control over financial reporting were disclosed by the audit of the financial statements, including a material weakness.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) Significant deficiencies in internal control over major programs were disclosed by the audit of the financial statements, including a material weakness.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit did not disclose any audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) Major programs were as follows:
 - CFDA Number 84.010 - Title I Grants to Local Educational Agencies
 - Clustered Programs:
 - CDFA Number 10.553 - School Breakfast Program
 - CDFA Number 10.555 - National School Lunch Program
 - CDFA Number 10.559 - Summer Food Service Program for Children
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Central Decatur Community School District did not qualify as a low-risk auditee.

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2007

Part II: Findings Related to the Basic Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

SIGNIFICANT DEFICIENCIES:

II-A-07 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that the cash receipts listing, bank deposits and the posting of the cash receipts to the cash receipts journal were all done by the same person.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - We will investigate available alternatives and implement as soon as possible.

Conclusion - Response accepted.

II-B-07 Student Activity Fund - We noted during our audit that the Student Activity Fund included a TE Workroom, North, and South accounts where the money is controlled by the teachers for break room beverages and flowers sent to funerals.

Recommendation - If the proceeds in these accounts are truly controlled by the faculty and administration, these accounts should not be contained within the Activity Fund. The accounts used by the teachers may be more appropriate in the General Fund.

Response - Money has been transferred to the General Fund.

Conclusion - Response accepted.

II-C-07 Student Activity Fund - We noted during our audit that the Student Activity fund included a Prior Year Class account and a class of 2007 account.

Recommendation - Class accounts should be closed out upon that class's graduation. Remaining funds in these accounts should be redistributed to other accounts in the Student Activity Fund.

Response - These accounts will be closed and redistributed by the end of the next fiscal year.

Conclusion - Response accepted.

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2007

Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

SIGNIFICANT DEFICIENCIES:

CDFA Number 10.553 - School Breakfast Program
CDFA Number 10.555 - National School Lunch Program
CDFA Number 10.559 - Summer Food Service Program for Children
Federal Award Year: 2007
U.S. Department of Agriculture

CFDA Number 84.010 - Title I Grants to Local Educational Agencies
Federal Award Year: 2007
U.S. Department of Education
Passed through the Iowa Department of Education

III-A-07 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that the cash receipts listing, bank deposits and the posting of the cash receipts to the cash receipts journal were all done by the same person.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However the District should review its control procedures to obtain the maximum internal control possible under the circumstances.

Response - The District is aware of the lack of complete segregation of duties and will make changes as the opportunity arises.

Conclusion - Response accepted.

CENTRAL DECATUR COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2007

Part IV: Other Findings Related to Required Statutory Reporting

IV-A-07 Certified Budget - District disbursements for the year ended June 30, 2007, exceeded the certified budget amount in the instruction functional area.

Recommendation - The certified budget should have been amended in accordance with Chapter 24.9 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response - The budget will be amended in the future as needed.

Conclusion - Response accepted.

IV-B-07 Questionable Disbursements - We noted no disbursements that may not meet the requirements for public purpose as defined in an Attorney General's opinion dated April 25, 1979.

IV-C-07 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

IV-D-07 Business Transactions - Business transactions between the District and District officials or employees are detailed as follows:

Name, Title and Business Connection	Transaction Description	Amount
Mike Frost, Board President Owner of Leon Napa Auto Parts	Auto Parts	\$2,736
Dan Christensen, Teacher Owns Christensen Mowing	Purchased Service	\$8,450

In accordance with the Chapter 279.7A of the code of Iowa, the above transaction with the board member does appear to represent a conflict of interest.

In accordance with the Attorney's General's opinion dated July 2, 1990, the above transactions with Mr. Christensen does not appear to represent a conflict of interest.

Recommendation - The District should contact its legal counsel in regards to related party transactions with the Board President.

Response - We have contacted legal counsel. We acknowledge awareness of Iowa Code 279.7A and will apply the code in such a way to limit purchases from Board Members businesses to no more than \$2,500 in the future.

Conclusion - Response accepted.

IV-E-07 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

IV-F-07 Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.

IV-G-07 Certified Enrollment - We noted a variance in the basic enrollment data certified to the Department of Education. The number of resident students reported on Line 1 was overstated by two students.

Recommendation - The District should contact the Iowa Department of Education and the Department of Management to resolve this matter.

Response - This matter has been resolved with Osceola Community School District and the state agencies.

Conclusion - Response accepted.

IV-H-07 Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.

IV-I-07 Certified Annual Report - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.

IV-J-07 Physical Plant and Equipment Levy (PPEL) and Local Option Sales and Service Tax Expenditures - According to Chapter 298.3 of the Code of Iowa, PPEL monies may be used for purchasing a single unit of equipment exceeding \$500 per unit. We noted during our audit that the District purchased chairs from the PPEL Fund for \$6,471. This expenditure, which are less than \$500 per single unit, is inappropriate from the PPEL Fund.

According to the District's revenue purpose statement, local option sales and service tax money can be spent for PPEL type expenditures, thus falling within the same \$500 per unit of equipment restriction. From the Capital Projects Fund, we noted chair purchases of \$3,368, a stove for \$498 and a tuba purchase for \$464. These expenditures, which are less than \$500 per single unit, are inappropriate from the Capital Projects Fund.

Recommendation - The District should review the Code of Iowa with regard to allowable expenditures from the PPEL Fund to avoid non compliance. The District should review revenue purpose statements in regards to the use of local option sales and service tax money.

The District should make a corrective transfer to the PPEL Fund from the General Fund in the amount of \$6,471.

The District should make a corrective transfer to the Capital Projects Fund from the General Fund in the amount of \$4,330.

Response - Transfers were made October 15, 2007. We have reviewed the Code of Iowa and revenue purpose statements to ensure compliance in the future.

Conclusion - Response accepted.
